

# Sephy Footstool

## Sephy Footstool

Our Sephy footstool brings a certain '60s glamour to just about any scheme. It's a pill-shaped beauty that's made to perfectly complement the curved format of the matching sofa. Its beautifully rounded top and curvaceous, brass-capped legs add a sense of softness to a sitting area. Use it to pop your feet up or even as a bonus seat in its own right!

**Seen above:**

**Fabric:** Husky

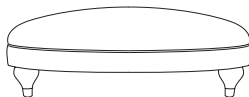

**Colour:** Ivory
